Total Assets

The value of the Group's assets as at 31 December 2023 is \$31,472,384 (30 June 2023: \$29,909,564) as disclosed in the Condensed Consolidated Statement of Financial Position.

Directors' Report (continued)

Significant Changes in State of Affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Group that occurred during the half-year ended 31 December 2023.

Subsequent Events

There have been no matter or circumstance that significantly affects or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

Likely Developments and Expected Results of Operations

The Group will continue to be managed in accordance with the investment objectives and guidelines set out in its Product Disclosure Statement and in accordance with the provisions of its Constitution. Future results will accordingly depend on the performance of the markets to which the Group is exposed.

Investment performance is not guaranteed, and future results may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Further details of likely future developments in the operations of the Group, and the expected results of those operations in future financial years, have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the Group.

Environmental Regulation and Performance

The operations of the Group are not subject to any particular or significant environmental regulation under a law of the Commonwealth or of a State or Territory. There have been no known significant breaches of any other environmental requirements applicable to the Group.

Indemnification of Directors, Officers and Auditors

During or since the half-year, the Group has not indemnified or made a relevant agreement to indemnify an officer of the Responsible Entity or auditor of the Group or any related corporate body against a liability incurred by an officer of the Responsible Entity or auditor of the Group. In addition, the Group has not paid, or agreed to pay, a premium in respect of a contract insuring against a liability incurred by an officer of the Responsible Entity or auditor of the Group.

Proceedings on Behalf of the Group

No person has applied for leave of court to bring proceedings on behalf of the Group or intervene in any proceedings to which the Responsible Entity is a party for the purpose of taking responsibility on behalf of the Group for all or any part of those proceedings.

The Group was not a party to any such proceedings during the half-year.

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 3 and forms part of the Directors' Report.

Signed in accordance with a resolution of the Board of Directors.

On behalf of the directors of the Responsible Entity, K2 Asset Management Ltd.

Hollie Wight
Executive Director
29 February 2024

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of K2 Asset Management Ltd

I declare that, to the best of my knowledge and belief, in relation to the audit of Storehouse Residential Trust for the half-year ended 31 December 2023 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

Notes to the Condensed Consolidated Financial Statements for the half-year ended 31 December 2023

1. General Information

Storehouse Residential Trust (ARSN 135 812 074) (the "Trust") is an Australian registered managed investment scheme. The Trust was constituted and registered as managed investment scheme on 25 March 2009. The Trust together with its controlled entities ("Group") is a for-profit entity for financial reporting purposes.

The responsible entity of the Trust is K2 Asset Management Ltd (ABN 95 085 445 094; AFSL 244393) ("K2" or the "Responsible Entity"). The registered office and principal place of business of the Responsible Entity is Level 44, 101 Collins Street, Melbourne VIC 3000.

Storehouse Pty Ltd (ABN 15 106 578 018) ("Storehouse" or the "Investment Manager") is the investment manager of the Group.

The Condensed Consolidated Financial Statements cover Storehouse Residential Trust and its sub-trust, SRT Werribee Trust (ABN 31 417 822 351) ("sub-trust"), where Storehouse Residential Trust is the only unitholder and sole beneficiary ("Group"). The trustee of the sub-trust is Storehouse Pty Ltd (ABN 15 106 578 018).

The Condensed Consolidated Financial Statements were authorised for issue by the directors on 29 February 2024. The directors of the Responsible Entity have the power to amend and reissue the Condensed Consolidated Financial Statements.

2. Summary of Material Accounting Policies

a) Basis of preparation

The Condensed Consolidated Interim Financial Report for the half-year ended 31 December 2023 has been prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*.

The Condensed Consolidated Financial Statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets, and financial liabilities. The amounts presented in the Condensed Consolidated Financial Statements have been rounded to the nearest dollar. The amounts presented are in Australian dollars, which is the Group's functional currency.

The Condensed Consolidated Financial Statements have been prepared on a going concern basis.

These Condensed Consolidated Financial Statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these Condensed Consolidated Financial Statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2023 and any public announcements made in respect of the Trust during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

Except as disclosed in the financial report for the year ended 30 June 2023, there were no new accounting standards, amendments and interpretations that are expected to have a material impact on the Condensed Consolidated Financial Statements.

The material accounting and risk management policies and practices adopted in the preparation of these Condensed Consolidated Financial Statements are consistent with those followed in the preparation of the Trust's financial statements for the year ended 30 June 2023.

b) Financial instruments

i) Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Group commits itself to either purchase or sell the asset (i.e., trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are recognised as expenses in profit or loss immediately.

Notes to the Condensed Consolidated Financial Statements for the half-year ended 31 December 2023

2. Summary of Material Accounting Policies (continued)

b) Financial instruments (continued)

ii) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at: amortised cost; fair value through other comprehensive income (FVOCI) – debt investment; FVOCI – equity investment; or fair value through profit or loss (FVTPL).

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are classified as measured at FVTPL.

Financial assets – Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed, and information is provided to management. The information considered includes:

- The stated policies and objectives for the portfolio and the operation of those policies in practice.
- These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets.
- how the performance of the portfolio is evaluated and reported to the Trust's management.
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed.
- how managers of the business are compensated - e.g., whether compensation is based on the fair value of the assets managed or the contractual cash flows collected.
- the frequency, volume and timing of sales of financial assets.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Trust's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets – Assessment whether contractual cash flows are solely payments or principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as a profit margin.

Notes to the Condensed Consolidated Financial Statements for the half-year ended 31 December 2023

2. Summary of Material Accounting Policies (continued)

b) Financial instruments (continued)

ii) Classification and subsequent measurement (continued)

Financial assets (continued)

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Trust considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g., non-recourse features).

Financial assets – Subsequent measurement and gains and losses

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses are recognised in profit or loss any gain or loss on derecognition is recognised in profit or loss.

Financial assets at fair value through profit or loss

Financial assets are classified at 'fair value through profit or loss' when they do not meet the criteria for classification as measured at amortised cost or fair value through other comprehensive income, derivatives not held for hedging purposes, when they are designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in the carrying amount being included in profit or loss. The Group's participation in a capital gain on shared equity investment is classified as a derivative and is measured at fair value through profit or loss. Shared equity investment is measured at fair value, since the shared equity portion does not meet the SPPI criteria.

Financial Liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

iii) Offsetting

Financial assets and financial liabilities are offset, and the net amount presented in the Condensed Consolidated Statement of Financial Position when, and only when, the Trust currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

iv) Derecognition

Financial assets are derecognised when the contractual right to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and rewards associated with the asset. Financial liabilities are derecognised when the related obligations are either discharged, cancelled or expire. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

2. Summary of Material Accounting Policies (continued)

c) Critical accounting estimates and judgments

The Investment Manager evaluates estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information up to and including the date of this report.

The Investment Manager has relied upon independent data reported by leading research groups including RP Data, Australian Property Monitors and Residex for the calculation of the shared equity fair value adjustment. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group. The Investment Manager has made recommendations to the Responsible Entity for the half-year ended 31 December 2023. These recommendations have been adopted. Actual results may differ from these estimates. Refer to note 6 for the fair value as at 31 December 2023.

Significant judgement is also required in estimation of fair value of investment properties which are determined based on the valuation performed by external property valuers. Refer to note 4 for the fair value as at 31 December 2023.

4. Investment property

Development commenced on Lot 6178 during 2021 with builders appointed to design and construct on a fixed price basis a two-storey residence and granny flat which will be held for long-term. The construction was completed in June 2022 with a fair value of \$1.6 million determined by external, independent property valuers, having appropriate professional qualifications and experience. The residence and granny flat were individually leased and occupied in July 2022.

Development approval for Lot 4047 was obtained in 2021 with an identical design to Lot 6178. Construction commenced under a fixed price contract during 2021 and was completed in June 2022. A fair value of \$1.4 million determined by external, independent property valuers, having appropriate professional qualifications and experience. The residence and granny flat were individually leased and occupied in August 2022.

Please refer to note 6 for the fair value measurement methodology adopted for the Investment Property assets.

	\$	\$
Shared equity investment	26,292,918	25,405,709
Total financial assets	26,292,918	25,405,709

Under the term of the loan agreement, the Group is entitled to the share of increase in fair value of underlying property secured against loan where the underlying loan is repaid, or the property is sold before the maturity. There has been no changes to assumptions made for the above.

6. Fair value measurement

Assets and liabilities measured at fair value in the Condensed Consolidated Statement of Financial Position are grouped into three levels of a fair value hierarchy. These levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted unadjusted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

The following table shows the levels within the hierarchy of financial assets and liabilities measured at fair value on a recurring basis at 31 December 2023 and 30 June 2023.

	31 December 2023			Total
	Level 1	Level 2	Level 3	
Financial assets				
Shared equity investment	-	-	26,292,918	26,292,918
Investment property	-	-	3,023,604	3,023,604
Net fair value	-	-	29,316,522	29,316,522

	30 June 2023			Total
	Level 1	Level 2	Level 3	
Financial assets				
Shared equity investment	-	-	25,405,709	25,405,709
Investment property	-	-	3,023,604	3,023,604
Net fair value	-	-	28,429,313	28,429,313

Fair values of the shared equity investments do not have quoted prices and it has been determined that they are classified as Level 3 of the fair value hierarchy as defined in AASB 13 *Fair Value Measurement*.

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar property, or any other valuation technique or model that provides a reliable estimate of prices obtained in actual market transactions.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Group holds.

Notes to the Condensed Consolidated Financial Statements for the half-year ended 31 December 2023

6. Fair value measurement (continued)

Quantitative information of unobservable inputs - Level 3

Although the Responsible Entity of the Fund believes that the estimates of fair value are appropriate, the use of different methodologies or assumptions could lead to different measurements of fair value. For fair value measurements in Level 3, changing one or more of the assumptions used as reasonably possible alternatives by 10% upwards (favourable) or downwards (unfavourable) would impact the statement of comprehensive income.

The table below details the sensitivity analysis and the quantitative information about the unobservable inputs used in Level 3 fair value measurements:

Description	Fair value	Valuation technique	Unobservable inputs	Favourable*
As at 31 December 2023				
Shared equity investment	26,292,918	Using the discounted cash flow technique, the fair value of Shared equity investment is determined by applying a market derived discount rate to future payout of the investment.	Volatility of discount rate and when share equity investment are exited.	2,629,292
Investment property	3,023,604	Using the market comparison technique, the fair value of investment property is estimated with reference to recent sales of property of a similar nature, location and condition.	Change in property prices, expected market rental growth rate and occupancy rates of the investment properties.	302,360
Total fair value measurement in Level 3	29,316,522			2,931,652
As at 30 June 2023				
Shared equity investment	25,405,709	Using the discounted cash flow technique, the fair value of Shared equity investment is determined by applying a market derived discount rate to future payout of the investment.	Volatility of discount rate and when share equity investment are exited.	2,540,571
Investment property	3,023,604	Using the market comparison technique, the fair value of investment property is estimated with reference to recent sales of property of a similar nature, location and condition.	Change in property prices, expected market rental growth rate and occupancy rates of the investment properties.	302,360
Total fair value measurement in Level 3	28,429,313			2,842,931

* A decrease (unfavourable) will have an equal and opposite impact on the statement of comprehensive income from operating activities and Net assets attributable to unitholders.

There were no inter-relationships between unobservable inputs that materially affect fair values.

7. Units on issue

a) Units on issue

The Group has 27,353,379 units on issue (31 December 2022: 23,472,769) worth \$30,299,458 (31 December 2022: \$25,731,938). Movements in the number of units during the year were as follows:

	31 December 2023		31 December 2022	
	Units	\$	Units	\$
Opening balance	25,736,560	28,203,767	18,985,613	20,602,672
Increase in net assets attributable to unitholders	-	310,433	-	183,641
Applications (including reinvestments)	1,616,819	1,785,258	4,487,156	4,945,625
Closing balance	27,353,379	30,299,458	23,472,769	25,731,938

Each unit represents a right to a proportional share of the net assets of the Group. All units have the same rights attaching to them (identical features). The total expected returns to the holders over the life of the units are based on the profit or loss of the Group. These units are the only class of instruments issued by the Group. Therefore, the Group has issued no other classes of financial instruments that rank above the redeemable units. The units contain no other contractual obligations other than the redemption obligation.

b) Capital management

The Investment Manager manages the capital of the Group in order to maintain a good debt to equity ratio, provide unitholders with adequate returns and ensure that the Group can fund its operations and continue as a going concern.

The Group's debt and capital includes issued units and financial liabilities, supported by financial assets and investment properties.

The Group is not subject to any externally imposed capital requirements.

The Responsible Entity effectively manages the Group's capital by assessing the Investment Manager's recommendations in respect of the Group's financial risks and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to unitholders and acquisitions and disposals of financial assets.

The funding facility in relation to the sub-trust has been arranged for by the sub-trust.

8. Funding facility

The Group uses debt to fund the construction of residential dwellings on the land comprising its Investment Properties.

Lot 6178 was refinanced with an AXI Lending loan (#9115) on 27th September 2022, which included the full payment of the Advantage facility, loan from Xenjon Pty Limited and loan from Diversity Housing. The facility incurs interest at a rate of 7.19% p.a.(effective 9 November 2023) and is secured against Lot 6178.

Lot 4047 has the following two facilities with a tenure of 30 years secured against the property:

- AXIS Lending facility (#3977) which incurs interest at a rate of 7.2% p.a (effective 9 November 2023); and
- AXIS Lending facility (#6414) which incurs interest at a rate of 7.2% p.a (effective 9 November 2023)

The Group did not have any defaults of principal or interest or other breaches with respect to the funding facilities during the half-year ended 31 December 2023 and year ended 30 June 2023. The fair value of funding facility approximates the carrying value.

Independent Auditor's Review Report

To the unitholders of Storehouse Residential Trust

Conclusion

We have reviewed the accompanying **Interim Financial Report** of Storehouse Residential Trust (the Trust).

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Condensed Consolidated Interim Financial Report of Storehouse Residential Trust does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Group's** financial position as at 31 December 2023 and of its performance for the Half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Interim Financial Report** comprises:

- Condensed consolidated statement of financial position as at 31 December 2023.
- Condensed consolidated statement of comprehensive income for half-year ended on that date;
- Condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date
- Notes 1 to 10 including selected explanatory notes
- The Directors' Declaration.

The **Group** comprises the Trust and the entities it controlled at the half year's end or from time to time during the Half-year.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Directors for the Condensed Consolidated Interim Financial Report

The Directors of the K2 Asset Management Limited (the Responsible) are responsible for:

- the preparation of the Condensed Consolidated Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the Condensed Consolidated Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Condensed Consolidated Interim Financial Report

Our responsibility is to express a conclusion on the Condensed Consolidated Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Condensed Consolidated Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an Interim Period Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
